ACTIVITIES 2021-2022

Food distribution program

Gramya Foundation runs a food distribution program aimed at supporting vulnerable communities, particularly those facing food insecurity and economic hardships. The program is dedicated to ensuring that essential food supplies reach individuals and families in need, providing sustenance and relief during difficult times.

Objectives:

- Provide essential food supplies to economically disadvantaged individuals and families.
- Alleviate hunger and food insecurity among vulnerable communities.
- Support community well-being by addressing basic nutritional needs.

Implementation: Gramya Foundation collaborates with local partners, donors, and volunteers to procure a variety of food items, including grains, pulses, vegetables, and packaged goods. These supplies are then distributed through organized channels to reach beneficiaries across underserved areas.

Impact: The food distribution program has had a positive impact:

- Provided crucial food assistance to vulnerable communities, ensuring access to nutritious meals.
- Eased financial burdens by offering support during challenging economic circumstances.
- Enhanced community resilience and solidarity by addressing basic needs and fostering a sense of care and support.

ACTIVITIES 2021-2022

Sanitization kits distribution

Gramya Foundation is dedicated to promoting health and hygiene among vulnerable communities, particularly those facing economic challenges. The foundation's sanitation kits distribution program aims to provide essential hygiene supplies to individuals and families in need, ensuring access to sanitation and promoting disease prevention.

Objectives:

- Provide essential hygiene supplies such as masks, sanitizers, soap, and disinfectants to economically disadvantaged individuals and families.
- Promote proper hygiene practices to reduce the risk of infection and disease transmission.
- Support community health and well-being by addressing basic sanitation needs.

Implementation: Gramya Foundation collaborates with local partners, donors, and volunteers to procure and assemble sanitation kits. These kits include items such as masks, hand sanitizers, soap, disinfectants, and informational materials on proper hygiene practices. Distribution is carried out through organized channels to reach beneficiaries in underserved areas.

Impact: The sanitation kits distribution program has made a positive impact:

- Provided essential hygiene supplies to vulnerable communities, enhancing their ability to practice good hygiene.
- Reduced the risk of infection and disease transmission by promoting proper sanitation practices.
- Contributed to community health and well-being by addressing basic sanitation needs.

ACTIVITIES 2021-2022

Smart academy-Free IIT JEE training center

Gramya Foundation's free IIT JEE training center offers comprehensive coaching to economically disadvantaged students aspiring for engineering education at esteemed institutions like the IITs.

Program Highlights:

- **Comprehensive Coaching:** Experienced faculty provide in-depth coaching covering all subjects and topics required for the IIT JEE exam.
- **Study Materials and Mock Tests:** Students have access to study materials, practice tests, and regular mock exams to assess their progress and prepare effectively.
- **Counseling and Mentoring:** In addition to academic support, students receive counseling and mentoring to navigate challenges and stay motivated.

Objectives:

- Bridge the education gap by providing free and high-quality coaching to underprivileged students.
- Empower deserving students to pursue engineering education at prestigious institutions like the IITs.
- Create opportunities for talented individuals from marginalized backgrounds.

Impact:

- **Empowerment:** Providing the knowledge and skills needed for success in the IIT JEE exam.
- **Accessibility:** Offering opportunities for talented students who lack resources to access quality education.
- **Social Mobility:** Contributing to social mobility by enabling students to pursue higher education and achieve their aspirations in engineering.

ACTIVITIES 2021-2022

Women Empowerment Stitching Center

Gramya Foundation operates a women empowerment stitching center that provides vocational training and opportunities for women to learn sewing and stitching skills. The center aims to empower women economically and socially by equipping them with valuable skills and creating avenues for self-employment and financial independence.

Program Highlights:

- **Vocational Training:** The center offers comprehensive training in sewing, stitching, and garment making.
- **Skill Development:** Women learn various techniques and patterns, including embroidery and tailoring.
- **Entrepreneurship Support:** Participants receive guidance on starting and managing their own stitching businesses.

Objectives:

- Empower women by providing them with valuable vocational skills and opportunities for self-employment.
- Promote financial independence and economic sustainability among women in the community.
- Foster entrepreneurship and create avenues for women to contribute to the local economy.

Impact:

- **Economic Empowerment:** Women gain skills that enable them to generate income and support their families.
- **Social Inclusion:** Empowering women leads to greater gender equality and social inclusion.
- **Community Development:** Women's economic participation contributes to the overall development of the community.
